STANDARDS

To submit art to our pre-press department, you have to know one thing: do you need *digital* or *screen* printing? If you're going to print a photo, a halftone or images that change from one color to another, you will be printing in the digital realm. In that case, submit your art as:

- 300 ppi (minimum)
- in RGB format

Art can be raster, vector and/or spot color, but we don't guarantee PMS matches with this process. If you want specific color matching you probably want to go with screen printing. Here, you'll submit:

- vector art only, no raster images.

Please let us know what spot colors are required using a PMS color or by giving us a physical swatch to go by. As all monitors vary in brightness and color, we do not match colors sent via email (or "Just make it sky blue!" over the phone).

FORMATS

We're PC here, so CorelDraw (version 15 or prior) and Adobe Illustrator (CS5 or below) are best for vector art. For full color, digital art can be in Photoshop or saved as a high quality JPG (see Standards for minimum ppi). PDFs are used for viewing ONLY. Any other format will incur art charges as we'll have to spend art time converting it to something we can print. Consider yourself warned!

SUBMISSION

Part of our pricing is based on how your art is submitted. The best way to get it to us is via email: orders@vaultpromos.com.

If the file is large, it can be zipped (compressed) or forwarded to our FTP site (Consult the factory for FTP uploading instructions). We also accept art on CD or flash drive.

If you're going old school and mail us a hard copy, we'll scan it at a high resolution. At that point it will be raster art. If you have any questions, please check with the factory.

PROOFS/PRE-PRESS SERVICES

Digital art proofs are sent via email at no cost to you! Please give us an email address with your artwork/PO so we know where to send it. One change and one additional proof is allowed without charge, additional proofs are \$25.00 (C) per proof. The pre-press department can create or correct your art at a cost of \$100.00 (C) per hour with a 15 minute minimum. Copy changes require an extra charge as well - \$30 (G), so please consult the factory for pricing.

SCREEN PRINTING

Along with our 11 stock colors, we can whip up Pantone Spot Colors as well, for an extra cost of \$30 (G). The coated (C) color is our standard, so if you need an uncoated (U), please specify. We need vector art for this process. If you have a bitmap or raster images, conversion charges may apply.

DIGITAL PRINTING

The digital process is closest to 4 color process printing. If you really want a PMS spot color, this process may not be for you. Though we will try to get close, the color will likely shift. In fact, it may shift slightly in color from reorder to reorder. Talk with your CS Rep about what you need and we'll deliver a product that best suits your art.

MISCELLANEOUS

For sending special fonts: Mac Users:.otf
PC Users:.tff, .otf fonts

When sending names, please send them as a separate file from your art. Accepted formats: txt, xls, & doc. Please don't convert them to outlines or curves (remember that extra art time. . .)

PRODUCTION TIME

Refer to individual product pages for production time. Production time does not start until we receive your approval of order and proof.

PROOFS

All new orders will receive a free virtual proof. One (1) revision will be allowed at no cost. In the event the CEO still wants his name larger, additional revisions will be charged at 20 bucks a pop. Hey, we have all day.

RUSH SERVICE

Trust us. We know rushes are a big part of this industry. If we can accommodate you without an additional charge, we will. If we can't, well, we'll have to talk. Charges may apply. Consult factory for all rush inquiries.

CANCELLATIONS

If an order is approved for production and then cancelled, you will be billed for all costs, special material ordered (if applicable) and a cancellation fee of twenty-five dollars.

SPEC SAMPLES

Forty bucks, unless screen printed with multiple colors (consult factory). If order is placed after spec sample, the spec sample fee will be credited.

SHIPPING

Fed Ex / UPS / Truck Line / Mail

Four dollars handling per box.

A \$10.00 (net) fee will be charged on all orders where the location or the shipping method changes on the date of shipment.

INTERNATIONAL SHIPPING - Please consult factory.

PAYMENTS

Deposits - 50% is required on orders of \$5000 and over.

Terms - will be established upon submission of your first order.

OVERRUNS/UNDERRUNS

Due to our quality control policies, it is impossible to guarantee shipping exact quantities on non-personalized items +/- 5%. Orders shipped less than 10% will be considered complete and billed accordingly. Up to a 5% overage will also be billed, unless specified on your purchase order.

"THE VAULT" ONLINE RELEASE PROGRAM

Release programs available on most personalized products. Order and warehouse your badges at bulk pricing while releasing them in as few as one at a time, as needed. A release fee of \$2.82 (G) on badges (subject to change pending increases in USPS charges) is also pre-paid on every piece being placed into The Vault (Plates are \$3.36 (G)). This prepaid fee covers the cost of the custom branded website and all admin tools within, the ability to release as few as one at a time, as well as all future drop shipping charges. Nothing further is billed after the program is established. We ship U.S. Mail to the fifty states and the District of Columbia only. We also ship UPS and FedEx Express if provided an account number. We do not ship releases Fed Ex Ground.

MISCELLANEOUS

Prices - we reserve the right to change pricing at any time without notice. Consult website for current pricing. www.vaultpromos.com

Right to Promotion - we reserve the right to use any item or logo printed by us for display and promotional purposes unless specified in a letter agreement that is signed by both parties.

Note: Artwork and logos shown in this catalog are the sole property of the copyright/trademark holder and are not for sale. Designs are shown only to illustrate basic product and imprint possibilities. Some items shown may be samples or may have been modified from the original. Fictitious names have been used.

These acrylic, reverse printed, engraved and color filled badges are a great way to present a classy image and help to prolong the life of your badge! We didn't call this badge "Hercules" for nothing. This sucker is stout! Besides, you can't use a Greek theme for your badge names and not throw in a Hercules.

We start with a clear acrylic, screen print your logo on the backside, print a background color on the backside, and then engrave and color fill your name...again...on the backside. This means no amount of scratching on the front can get to that precious imprint!

Base cost includes one stock color imprint, one line of engraved personalization and a pin back attachment. Additional colors of imprint, lines of personalization and attachments, including magnet backs, are available at additional cost.

The Vault online release program is available, allowing you to release personalized badges as few as one at a time.

release program

Get into the Vault!

We make 'em, we store 'em, you release 'em.

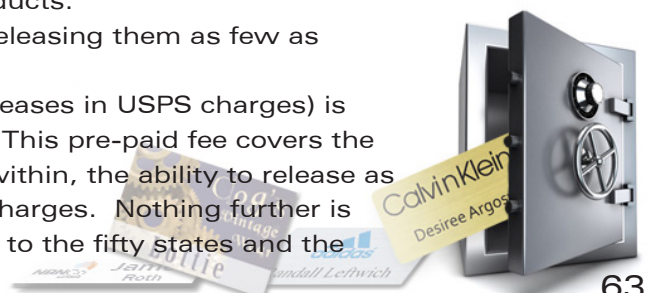

1. Order badges, tags, or plates in large quantities for large bulk discounts.
2. Badges are made and stored in our name badge vault.
3. Add names and release when YOU want. Simply log in with your assigned program # and password at www.OrderYourBadges.com.
4. So easy, it can be done with cocktail in hand (just doublecheck your spelling).

Relax. We've got this.

Release programs are available on most personalized products.

Order and warehouse your badges at bulk pricing while releasing them as few as one at a time, as needed.

A release fee of \$2.82 (G) (subject to change pending increases in USPS charges) is also pre-paid on every piece being placed into The Vault. This pre-paid fee covers the cost of the custom branded website and all admin tools within, the ability to release as few as one at a time, as well as all future drop shipping charges. Nothing further is billed after the program is established. We ship U.S. Mail to the fifty states and the District of Columbia only.
